

WHAT ARE CORDURA® FABRICS?

CORDURA® fabrics are the perfect combination of durability, versatility and reliability. For more than 30 years, people who love the outdoors have relied on CORDURA® fabrics to be as rugged as they are. And well beyond our classic lineup of heavy-duty fabrics, there's a whole collection of high-performance apparel fabrics that are comfortable, breathable, stylish, and like all CORDURA® fabrics, designed to last.

Technically speaking, CORDURA® fabrics range from 30 denier sil-nylons and pack cloths to performance apparel fabrics and bomber ballistic nylons. In other words, some really durable stuff found in a wide variety of products. CORDURA® fabrics are used where maximum durability isn't just desired, it's essential. When you're out on the trail, durability is pretty much everything.

WHERE CAN YOU FIND CORDURA® FABRICS?

You'll find them on the trail. On the mountain. On the battlefield. Not to mention being wheeled through the airport and worn on the factory floor. CORDURA® fabrics are in all the places where durability cannot be compromised. Over the years, they have proven themselves time after time to meet and exceed expectations for durable, versatile, reliable performance. Here are some of the types of outdoor products where CORDURA® fabrics can be found, and some of the trusted brands that use them:

PEOPLE WANT GEAR THAT LASTS.

Based on high-tenacity fiber technologies, CORDURA® fabrics are known for their resistance to tears, rips, abrasions and punctures. You'll find products made entirely of CORDURA® fabric, and products that just use it around high-stress and abrasion areas. Either way, CORDURA® fabrics help make products long lasting which ultimately equates to a strong value proposition.

ACCEPT NO SUBSTITUTE.

It's no wonder so many retailers are proud to carry products made with CORDURA® fabric. And why so many adventurers are proud to carry it anywhere they go.
