

CELLIANT®

ENHANCE YOUR LIFE.

[www.celliant.com](http://www.celliant.com)

## HOW CELLIANT WORKS:

Celliant recycles human energy (heat).  
Heat emitted by the body is absorbed  
by the minerals in the fiber.

Minerals convert body  
heat into infrared light.

Infrared light penetrates deep  
into the tissue to increase  
circulation oxygen and  
blood flow. This assists  
in thermal regulation.

Celliant is a registered trademark  
of Hologenix, LLC
